

# Take the Aurico Challenge and see how our **WebACE™** screening platform out-performs the competition.

Background Screening | Drug Testing | Occupational Health

**WebACE™ is the most advanced tool for increasing screening efficiency. The intelligent system drives compliance and consistency, and is customizable with the way you screen candidates.**

- Flexible to align with your workflow
- Highly customized adjudication tools
- Store critical documents in our electronic filing cabinet
- Pre-integrated ATS screening tools
- Co-branded applicant experience
- Paperless screening solutions

“Selecting the right background screening and drug testing partner is all about finding the perfect blend of quality, service and technology. Aurico gives us the highest level of reporting and dedicated support, and their process works the way we need it to.

With WebACE™, we’ve switched to paperless screening, we’re always up-to-date on compliance changes and we can access policy tools to drive consistency and efficiency on every new hire. Aurico is truly a world-class screening partner.”

—Vice President, Talent Acquisition

**Experience the difference. Take the challenge.**
